

the 1812 road at Perkins Clearing. Brooks Hotel is up and one for the Lake Pleasant Church is in the making.

- l. Tom Boni has been working on our sign and has decided that the color of the man is the problem, not the lettering. Aaron presented several color changes. A vote taken resulted in outlining the letters in white.
 - m. The carriage needs repair; Will and Shorty will work to make it presentable for the Apple Fest. A sign to keep people off is needed.
 - n. Aaron presented the idea of a "pirate" weekend in 2020 that involves the whole community and would boost tourism. It should involve the businesses, include a mock battle on the lake, have a scavenger hunt, etc. It was suggested a Native American theme with canoe races, archery contest, etc. would be more appropriate.
 - o. Aaron presented our new banner. Very nice!
